*We keep your employees and business healthy.*

# CONVENIENT, TIMELY & COST-EFFECTIVE HEALTHCARE

## *Convenient*

We have dedicated staff to serve our occupational health clients 5 days a week from 8 am to 8 pm. Our staff consists of board certified physicians, nurses, medical assistants, rehabilitation specialists, radiology technicians and professional clerical staff.

## *Timely Communication*

- Day-of-service feedback and a simplified billing system.
- Supervision of the entire case management process from initial injury treatment, specialist referral, rehabilitation and return to work.
- Communication with the rehabilitation specialist, insurance companies, and company representatives.

## *Cost-effective Healthcare*

Our physicians understand the financial implications of work related injuries on your bottom line.

We continuously strive to balance the health and well-being of your workers with your productivity.

## *Our Commitment*

Our goal is to keep your employees healthy and safe in the workplace, thus keeping your business healthy. We are committed to delivering comprehensive services all in one location.

### SCOPE OF SERVICES:

- Treatment of all work related injuries/illness
- Workers' Compensation Case Management
- Physical Exams DOT & Non-DOT
- Breath Alcohol Testing
- Radiology
- Laboratory Tests
- OSHA Respiratory Medical Surveillance
- Audiometric Testing
- Physical/ Occupational Therapy
- Pain Management
- Immunization Program

## *Our Strength*

We have highly skilled and motivated professionals. We have the resources and experience to help businesses gain control of workers' compensation medical expenses.

Our medical providers have more than 15 years of experience in handling workers' compensation patients.

Our staff understands the workers' compensation system and is committed to cost-effective treatment and consistent communication with employers.
